If proof of purchase is not available to establish time in service, the tire date of manufacture will be used.

All other Titan or Goodyear branded agricultural and construction tires that become unserviceable due to a covered warranty condition during the first twelve months of service or 25% tread wear, whichever comes first, will be replaced with a comparable new Titan or Goodyear branded tire without charge except Single Rib, Triple Rib and Super Rib tires. (See table to the right**) If proof of purchase is not available to establish time in service, the tire date of manufacture will be used.

The no charge provision includes normal mounting and service charges for rear farm and large Terra-Tire® high flotation tire.* The no charge provision for front farm tire includes mounting charges only.

> WHAT IS A COMPARABLE TIRE?

A "comparable" new Titan or Goodyear branded agricultural tire may either be the same line of tire or, in the event that the tire is not available, a tire of the same basic construction and quality with a different sidewall or tread configuration. If a higher priced tire is accepted as replacement, the difference in price will be at an additional charge to you.

Any replacement tire provided pursuant to this protection plan will be covered by the Titan protection plan in effect at the time of replacement.

> WHAT IS NOT COVERED BY THIS ADJUSTMENT POLICY?

- Radial rear farm tires purchased under this adjustment policy and presented for adjustment more than eight (8) years after date of purchase.
- All other agricultural tires purchased under this adjustment policy and presented for adjustment more than six (6) years after date of purchase.
- If proof of purchase is not available, the tire date of manufacture will be used to determine the time in service and used to calculate the applicable pro rata charge.
- Irregular wear or tire damage due to:
 - Impact breaks, cuts, snags or machinery
 - Wreck, collision, or fire
 - Improper inflation, overloading, misapplication, misuse, negligence, racing or pulling contests, speed, rim condition, chain damage, improper mounting or demounting or improper repair.
 - Mechanical condition of the vehicle.
- Material added to a tire after leaving a factory producing Titan or Goodyear branded tires: (example: tire fillers, sealants, or balancing substances). If the added material is the cause of the tire being removed from service, the tire will not be adjusted.
- In no event shall Titan be responsible for any liability for loss of time, inconvenience, loss of use of vehicle, incidental or consequential damage resulting from the failure of a tire for any reason, to the extent permitted by law.

> WHAT ARE YOUR LEGAL RIGHTS?

No representative or dealer has authority to make any representation, promise, or agreement on behalf of Titan, except as stated herein.

Any tire, no matter how well constructed, may fail in service or otherwise become unserviceable due to conditions beyond the control of the manufacturer. This adjustment policy is not intended as a representation that a tire failure cannot occur.

Titan disclaims any liability for incidental or consequential damages to the extent permitted by law.

Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This adjustment policy give you specific legal rights, and you may also have other rights that vary from state to state or province to province.

This protection plan is applicable only in the United States and Canada.

> WHEN DOES THE ADJUSTMENT POLICY END?

A tire has delivered its full original tread life and this warranty ends when the tread is worn to 2/32nds of an inch or the tire exceeds the time limitations described in this policy. In all cases, without proof of purchase, date of tire manufacture will be used to determine age.
